Com S 363: Introduction to Database Systems

Cover Sheet

For homeworks and hard copies of projects

This form should be used for each homework and project hardcopy submission. In case of a project, please make sure that the project has already been submitted electronically. The files to be submitted as hardcopy may be different from those to be submitted electronically. All sheets collated properly, with this form on the top, should be stapled together. Please do not use any binders. Please see our policy on Course Info web page.

Certification for projects and homeworks

For projects I certify that I have worked on it independently, I have not received any help, and I have not plagiarized. If found in violation, I will receive a zero on this item, no further work from me may be graded, and in addition, disciplinary action may be taken. In case of homework I certify that I wrote solutions independently without any aid.

Your signature: _____

Grader's report

Graded by: ☐ Yetian Chen ☐ Xiaofeng Wang
